2020 CALL FOR NOMINATIONS Appointments to Regional Boards and Committees

The Sound Cities Association (SCA) has appointing authority for over thirty regional boards and committees. Twenty-six (26) of these boards and committees have seats for elected officials up for appointment for 2020.

For detailed information about each committee, please refer to the [SCA 2019 Regional Committee and Board Appointment booklet](#). This guide contains information about each committee, including: the roles and responsibilities of each committee; the dates, times, and location of committee meetings; the SCA staff person responsible for each committee; the 2019 representatives to each committee; and the term expiration date.

Applications for 2020 board and committee appointments are due **November 6, 2019**. All interested applicants must submit a nomination form to be considered for appointment. This includes those currently serving on boards and committees, whose term expires in 2019.

Applications for boards and committees are reviewed by the PIC Nominating Committee, which is comprised of one representative from each SCA Caucus (South, North, South Valley, and Snoqualmie Valley). The committee strives to maintain geographic diversity, and a balance of membership from large and small cities. The background and interest level of applicants is considered, as is the applicant's past service on boards and committees. The committee balances the need for institutional knowledge and expertise with a desire to obtain fresh perspectives and new voices. SCA values diversity, and strives to create an inclusive environment. All SCA members are encouraged to apply for boards and committees. The PIC Nominating Committee recommends a slate of appointments to the SCA Public Issues Committee (PIC), which in turn submits recommendations for appointments to the SCA Board of Directors for approval.

Please note that, pursuant to SCA Board Policy, each city may have no more than one representative serving at a time on any individual regional board, committee, advisory council, or task force. Further, cities are asked to not submit multiple applicants for the same committee. The process for deciding which applicant's name to submit is left to the discretion of each individual city.
