Veterans, Seniors and Human Services Advisory Board

Committee Role

King County Ordinance 18792 created and codified into King County Code the Veterans, Seniors and Human Services Levy (VSHSL) Advisory Board. The Board is comprised of three, ten member committees -- one with expertise in each priority levy population. The levy's priority populations are: 1) veterans, servicemembers and their families; 2) seniors and caregivers of seniors; and 3) vulnerable populations. The VSHSL Advisory Board replaces the former Veterans and Human Services Levy's Regional Human Services Citizen Oversight Board. SCA has one seat on each of these three committees.

On the veterans committee, a majority of the members must be comprised of veterans. Priority will therefore be given to applicants who are veterans. City staff or community members (including retired elected officials) who have worked issues affecting veterans within your city would be a good fit for this committee.

On the seniors committee, a majority of committee members must be 55 or older. Priority will therefore be given to applicants who are age 55 or older. City staff or community members (including retired elected officials) who have worked actively on issues affecting seniors within your city would be a good fit for this committee.

The vulnerable populations committee will be comprised of individuals who are either members of a vulnerable population, or other community members with relevant expertise or experience serving vulnerable populations. City staff or members of your city's human services commission would be a good fit for this committee.

Note that current elected officials are not eligible to serve on the Veterans, Seniors and Human Services Levy Advisory Board. All applicants must be King County residents.
